

# the True Princess

## Being a Friend

Who do you know who could use a friend? Who sits alone at lunch time? Who plays alone at recess? Who gets in trouble a lot in the classroom?

What is their name? \_\_\_\_\_

1. What are some things that a friend could do to help?
2. What could you say to start a conversation?
3. What could you talk about?
4. What would it look like to go up to this person?
5. What would you say to them?
6. What if your friends don't like you being nice to the person?
7. Is there someone you know who needs a friend? Will you reach out to them? When do you plan to do that? Write down below your plan for making this happen.

How did it go? Describe everything that happened, including how your friends reacted. Would you do anything differently? Tell about that.

What is your next step?
